C140409/200 Councillor Looker moved and Councillor Clancy seconded that the Chief Executive Officer conveys Council's appreciation for the effort and attendance of staff at the "Know Your Council Day" and Loop Bus Launch on Saturday 28 March 2009.

CARRIED

Background

For "Know your Council Day" staff organised a display in Moseley Square where each department of Council had a staffed display showing the services and facilities. This attracted a steady stream of interested community members and provided a positive contact with our community. The new Blue Loop bus was officially opened by Mayor Rollond to applause from the gathered crowd. The efforts and enthusiasm of Council staff assisted by community volunteers is worthy of note.
9.2 Invitation to Audit Committee Members to Attend Council Workshop

In accordance with his notice:

C140409/201 Councillor Looker moved and Councillor Deakin seconded that Council invite the independent members of the Audit Committee to attend the Workshop on Thursday 16 April 2009 at 7:00pm “Capital Renewal Program, Draft Annual Business Plan. Draft Budget and new initiatives.”

CARRIED

Background

In 2008 Council extended an invitation to the independent members of the Audit Committee to attend the finance workshop. The information provided is highly relevant to the governance function of the audit committee.

9.3 Community Bus Service

In accordance with his notice:

C140409/202 Councillor Huckstepp moved and Councillor Deakin seconded that Administration prepare a report on the feasibility of the recently purchased Community Bus to provide a trial loop service to the Southern Wards of Holdfast Bay utilising free times weekdays currently not utilised by the bus.

CARRIED

Background

Residents of the Southern Wards in particular the Seacliff Ward express concern that that they feel disenfranchised from the remainder of the City due to the distance from Glenelg with very little extra services provided, except for normal council services (i.e. garbage collection, road works etc).

The Southern Wards of Brighton and Seacliff would have just as many Senior Citizens as the Glenelg area, it seems unfair to provide a bus service only in the Glenelg Area for 3 days a week and no such service further south in Brighton or Seacliff.

The Community Bus service evaluation report adopted by Council in 2007 suggested a number of additional loops in Holdfast Bay value adding to the existing Loop Bus Service. Adding to the existing (the southern loop) provides an additional loop service to the Southern and Central Holdfast Bay area.

There would be many Senior Citizens that would appreciate a community bus service from Seacliff ward through Brighton’s local shopping centre in particular. The service would be low cost with volunteer bus drivers and being a diesel vehicle use very little fuel.

The Chief Executive Officer, Mr R Donaldson’s comment.

The purchase of the new Community Loop Bus asset has been funded entirely from the Glenelg Access Strategy Reserve Fund, with the service operating extensively across Glenelg central, North, South and East. The whole of Council’s annual community bus coordination costs are also met from the Glenelg Access Strategy ‘Reserve’ Fund, although not all of the community bus coordination and administration functions have a nexus with the ‘Glenelg accessibility’ purpose of the Reserve Fund.

Careful consideration should be given to the use of the new bus asset and further use of the coordination resources for 'non-Glenelg' purposes, having regard to Council's ultimate accountability for the use of Glenelg Access
Strategy funds for the purposes intended when the Reserve Fund was created (consisting of nett proceeds of car parking fee revenues at Glenelg).

C140409/203 Councillor Clancy moved and Councillor Deakin seconded that Council stand adjourned to enable the permanent Social and Organisation and Strategy and Development Committees to meet.

**Background**

Much of the federal governments stimulus package are based on the cloning of existing buildings to ensure building work can be commenced almost immediately.

Should funding become available in future stimulus we should be in a position to act swiftly in order to take advantage of any funding?

**Bowker Street Oval – AFL Football Goal Posts Petition (Report No: 148/09)**

Bowker Street Oval is the property of the Department of Education and Children’s Services (DECS), and is leased to the City of Holdfast Bay who then licences the property to the Southern Districts Little Athletics Club and Southern Districts Soccer Association Incorporated.
Recently a petition was received from a local resident Mr Corey Wingard for permanent AFL football goal posts to be returned to Bowker Street Oval.

Following a Council resolution to prepare a report on the matter Administration has been further investigating this issue, and has reviewed the lease and licence agreements and has consulted with the user groups. It is recommended by Administration that permanent AFL football goal posts are not returned to Bowker Street Oval at this present time. The key reasons include:

- Risk management implications
- Potential liability for Council and user groups
- Further deterioration to the current poor condition of Bowker Street Oval
- Justified concerns by the licence holders
- Licence holders do not have permanent goal posts or equipment
- Permanent AFL football goal posts are located down the street at Paringa Park Primary School and are available for the community who just want to “have a kick”
- Consultation with the South Western region Auskick Coordinator has determined that it is not essential to have permanent AFL football goal posts to conduct Auskick activities
- The Paringa Park Primary School and Department of Education and Children’s Services (DECS) currently have no opinion on this issue

C140409/205.2 That:

1. permanent AFL football goal posts are not returned to Bowker Street Oval at this time

2. if the Paringa Park Primary School - Out Of School Sports Committee of Governing Council determines that permanent AFL football goal posts should be returned to Bowker Street Oval, the issue then be referred to the property owner, Department of Education and Children’s Services (DECS) for a final decision.

16. REPORTS BY OFFICERS

16.1 Brighton Jetty Lease (Report No: 168/09)

Since the destruction of the old Brighton Jetty during a storm event in May 1994, there have been ongoing (albeit in recent times infrequent) discussions between Council, the Department of Transport, Energy and Infrastructure (DTEI) and Telstra in regards to the degree of ownership or control that the parties seek and/or agree in relation to the jetty.

DTEI and Telstra’s property managers have recently contacted Council prompted by the need for upgrades to Telstra’s telecommunications plant located on the jetty.

It is clear to all parties that Telstra needs to hold some form of lease or licence over at least a portion of the jetty which authorises its infrastructure to be located on (and under) it and which grants Telstra rights of access to that infrastructure for the purpose of upgrading, maintaining and repairing it.

Although the City of Brighton previously resolved to accept a transfer of ownership from the State Government for the jetty, the State Government subsequently reversed its commitment on the basis that the jetty was a “public asset” with wider metropolitan community interests to fulfil.

To this point in time there have been no formal agreements executed between the parties.

Administration recommends that Council does not enter into any formal agreements in relation to the Brighton Jetty that may result in any transference of any liabilities to Council, as the liabilities associated with the jetty have the potential to be significant.

C140409/213 Councillor Clancy moved and Councillor Heysen seconded:

1. That Council agrees with and supports the rationale of the then Minister of Transport and Urban Planning in 1996 that “given the nature of the (Brighton) jetty as a public asset, it was (is) not considered prudent to transfer a freehold title of the seabed and the structures upon it.”

2. That Council, whilst acknowledging the decisions of the City of Brighton made at its meetings of 11 July 1994 and 13 May 1996 to accept ownership of the Brighton Jetty, resolves that it does not wish to assume ownership of the jetty.

3. That the Department of Transport, Energy and Infrastructure (DTEI) and Telstra be advised that Council does not wish to be a party to a lease for the Brighton Jetty but that Council agrees to grant a right of access to Telstra and DTEI over the land at the eastern end of the jetty which is owned by, or under the care and control of, Council for the purpose of DTEI and Telstra accessing the jetty, on the condition that:

(a) the public is permitted to access the jetty at times other than when
repairs to the jetty and/or Telstra infrastructure are required to be undertaken (unless there are reasonable concerns regarding public safety in allowing access to/on the jetty or it has been determined that the jetty is unsafe);

(b) Council is permitted to access, undertake maintenance/make repairs and/or replace or remove the artworks which are fixed to, or upon, the jetty;

(c) DTEI and Telstra indemnify Council in respect of any damage to Council infrastructure, or injury which may result to any person(s), or damage to their property, which may occur on this land, as a result of the access being granted; and

(d) Council receives reasonable advance notification (unless there is an emergency or similar) from the party proposing to undertake works (DTEI and/or Telstra) on the jetty and advice as to whether such works will impinge on public access to the jetty.

(e) His Worship the Mayor and the Chief Executive Officer be authorised to sign and seal any agreement(s) or documentation which are required in accordance with this resolution.
