Property Owner Street Tree Planting Terms and Conditions

The applicant agrees to the following:

1. The tree species must be nominated in the Street Tree Strategy planting guide for the location.
2. Tree must also be planted:
 - a. central to verge
 - b. 3m from driveways
 - c. 3m from stobie poles
 - d. 5m from any corner
 - e. if there are to be multiple trees on verge, the tree must be the distance of its potential canopy spread of the selected tree species to prevent entanglement of canopies when trees reach maturity without restricting overhead canopies or infrastructure
 - f. in a location where dwellings or storm water outlets will not be affected by tree in full maturity.
3. Hole depth must be no greater than 300mm.
4. Residents are aware that they are responsible for watering the street tree they plant.
5. No pruning must be undertaken by resident. Pruning will form part of Council's Block Pruning Program.
6. All street trees planted become property of the City of Holdfast Bay.
7. Council is not responsible for any bodily injury and/ or damage to property arising from planting the street tree.

I have read and agree to the terms and conditions to plant a street tree adjacent to my property, in compliance with the City of Holdfast Bay Tree Management Policy and will commence following written approval from Council.
